

Shivani's PORTFOLIO

INTRODUCTION

Hi! I'm *Shivani Gokhale*,

a student whose creativity knows no bounds. In my artistic journey so far, I've found joy in exploring lots of ways to express myself through art.

My portfolio is made up of work I've produced during my internship, the art that best describes me as a person and what I hold close to me.

TABLE OF Contents

01) INTERNSHIP PROJECTS : Wall Design and Instagram Posts

02) ANIMAL PORTRAITS : Animals in different mediums

03) OTHER MEDIUMS : Crochet, Polymer Clay, Alcohol Markers

04) GROUP PROJECTS : Board Game, Miniature Model, A2 Poster

05) SOCIAL PROFILES : Website, Instagram, LinkedIn

INTERNSHIP Projects

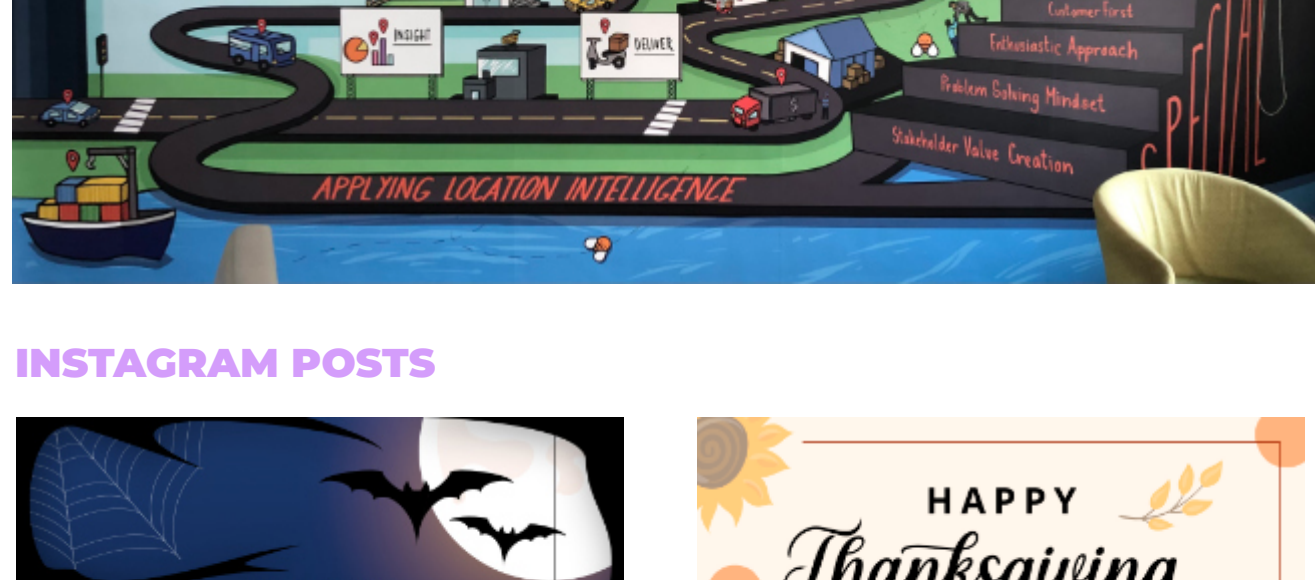

Here is some of the work I produced while interning at **Dista Technology** as a **Design Intern** for the duration of **6 months** (July - December 2023)

EXCELLENCE CENTER WALL

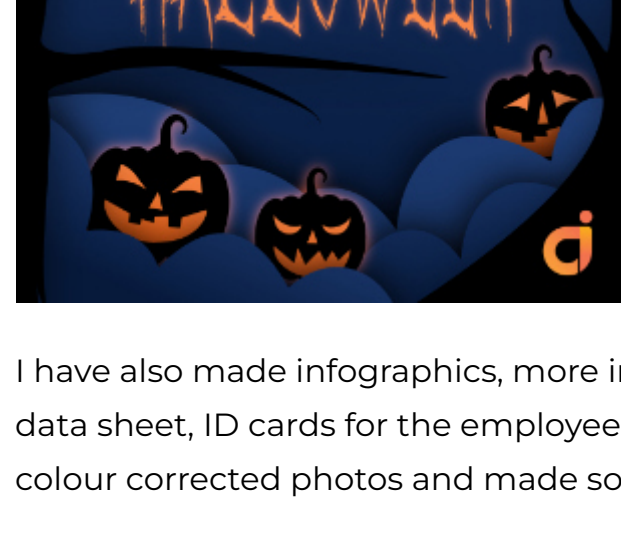

The Idea

The Final 221" by 102" Wall

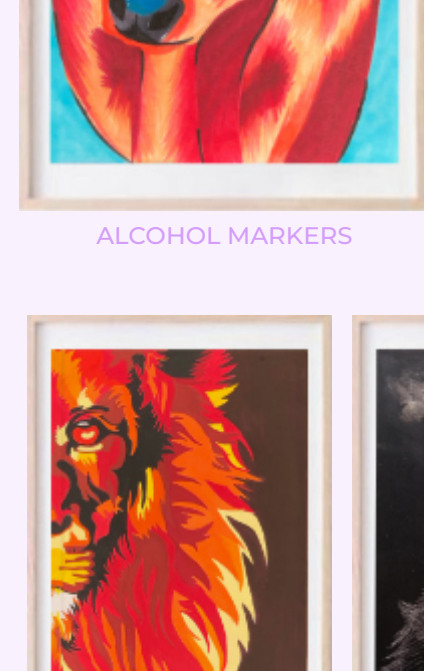

INSTAGRAM POSTS

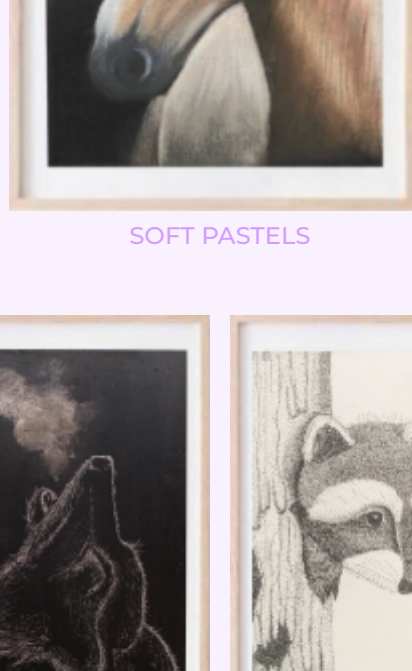

I have also made infographics, more instagram posts, short videos, a data sheet, ID cards for the employees, worked on presentation decks, colour corrected photos and made social media content.

Softwares : Affinity, DaVinci Resolve, Procreate

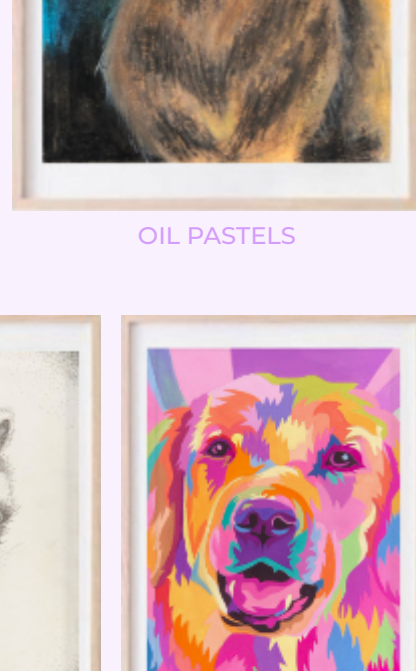

ANIMAL Portraits

ALCOHOL MARKERS

SOFT PASTELS

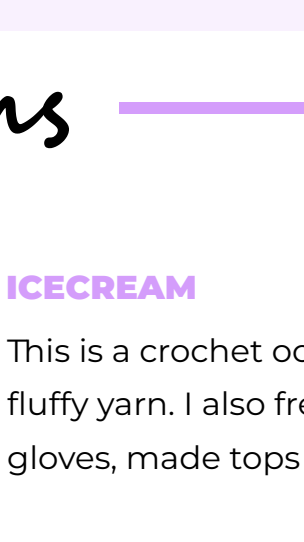

OIL PASTELS

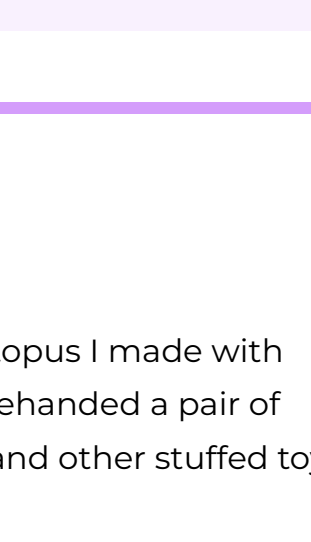

POSTER COLOURS

SCRAPING

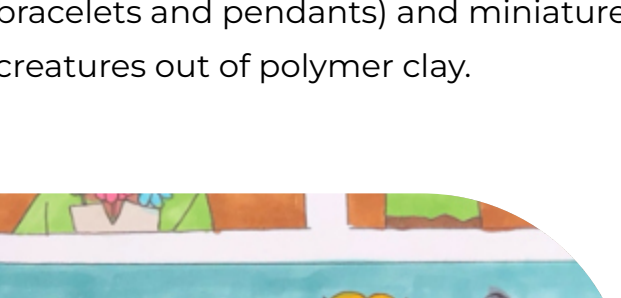

STIPPLING

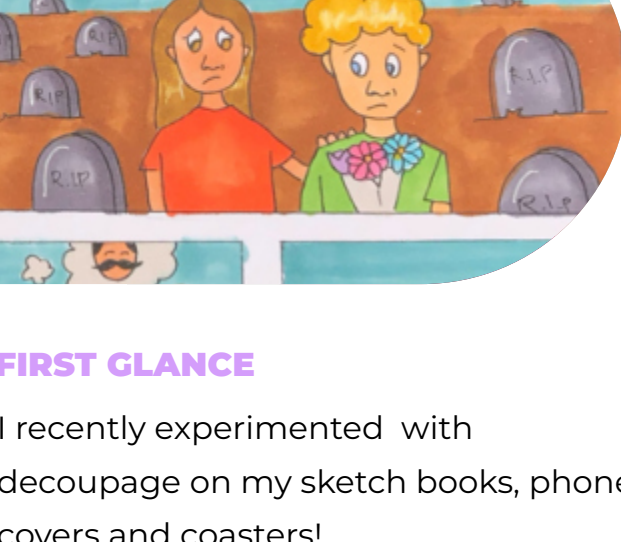

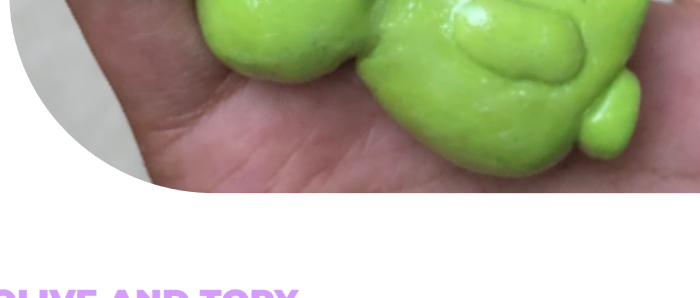

POSTER COLOURS

OTHER Mediums

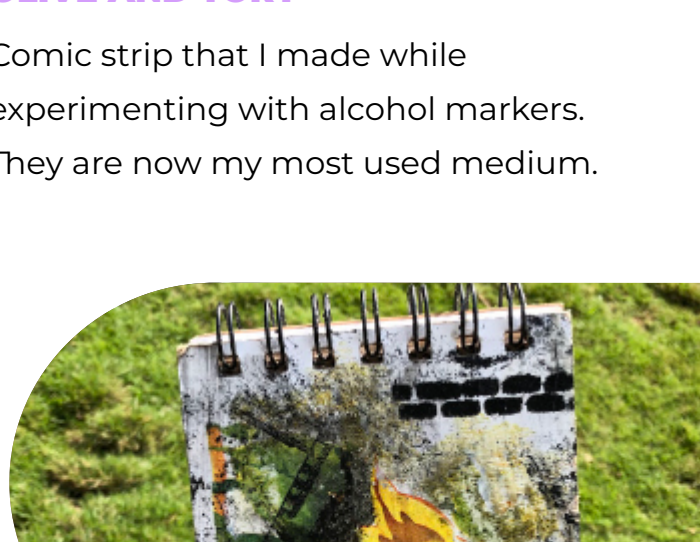

YOSHI THE DINOSAUR

Made keychains, jewellery (earrings, bracelets and pendants) and miniature creatures out of polymer clay.

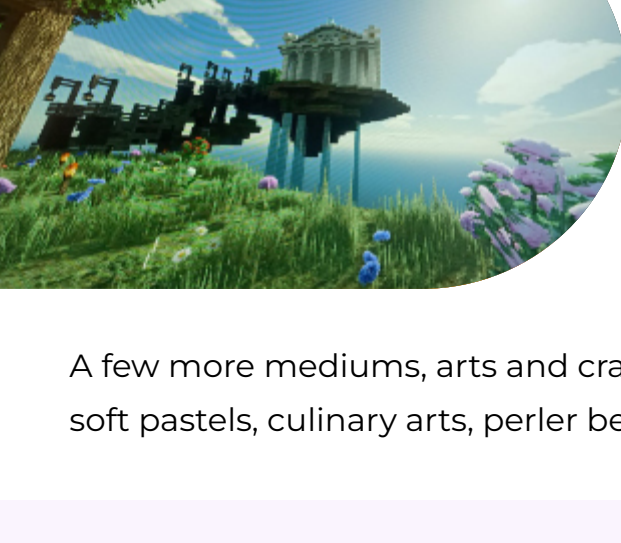

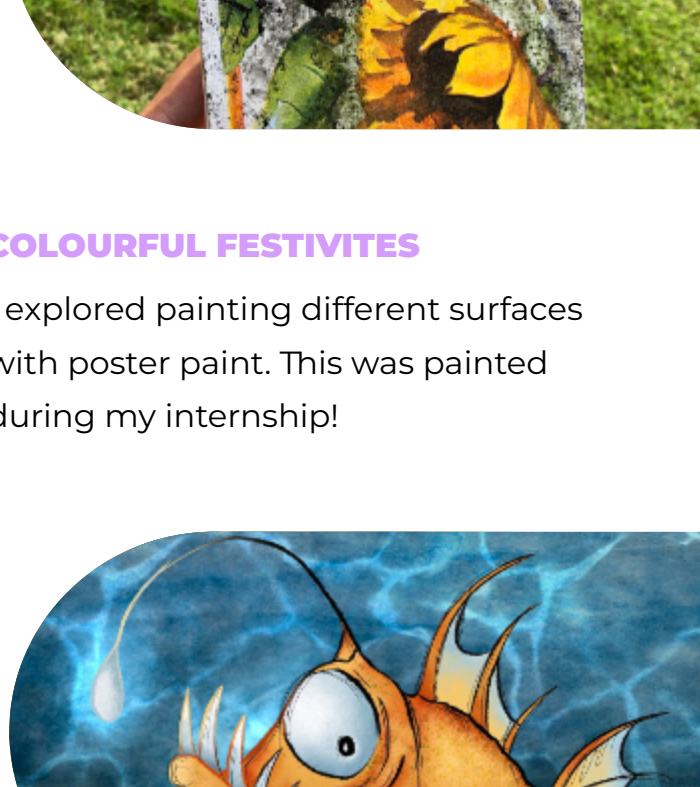

FIRST GLANCE

I recently experimented with decoupage on my sketch books, phone covers and coasters!

ALEX THE ANGLER

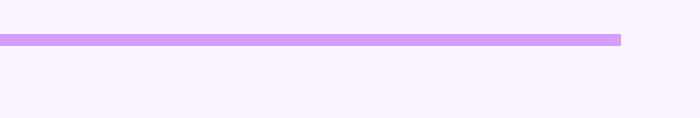

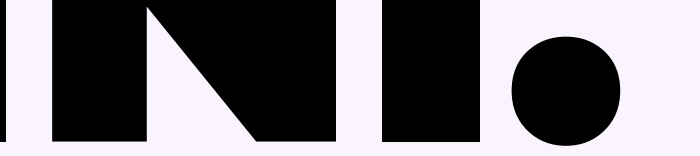

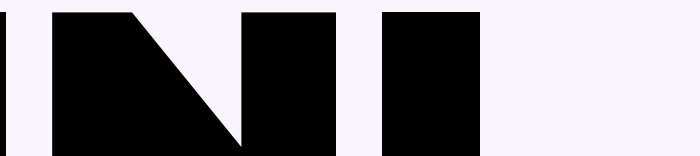

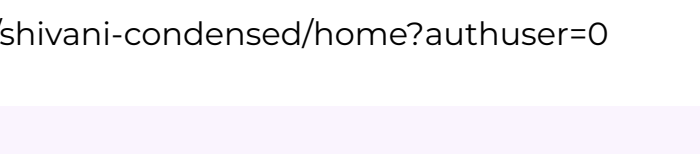

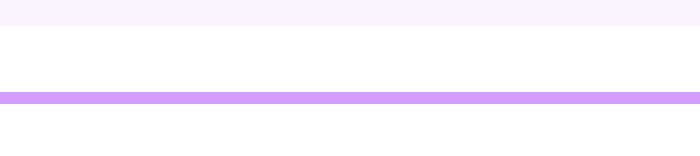

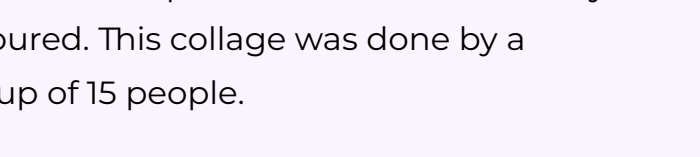

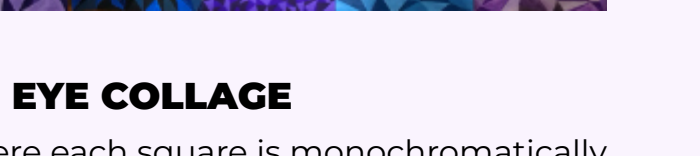

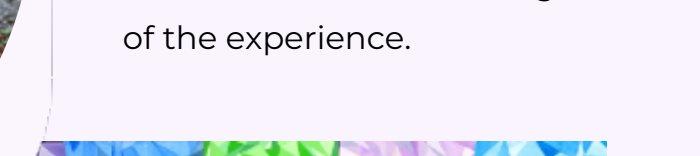

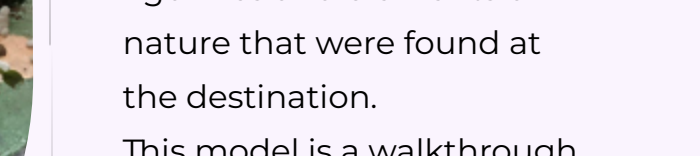

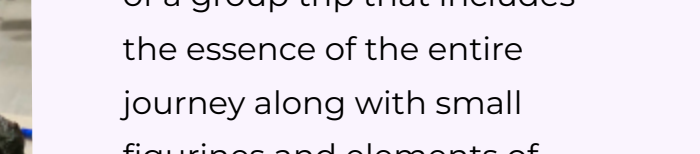

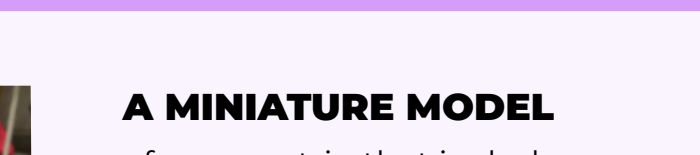

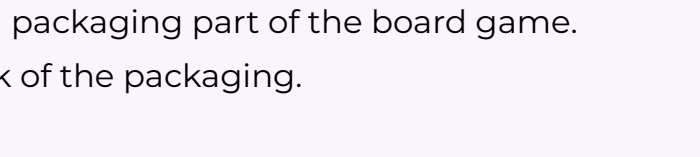

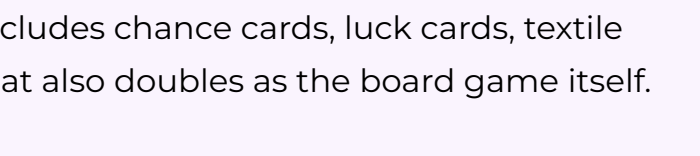

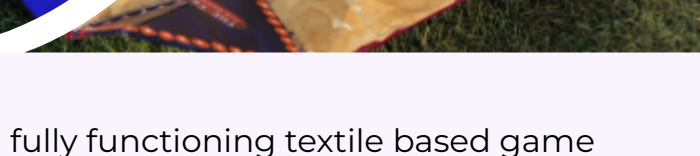

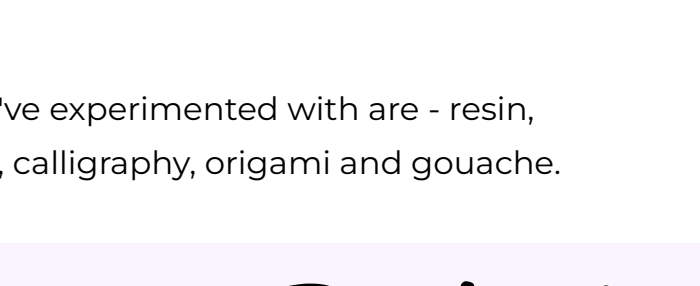

This is one of my favourite digital art pieces on procreate. I followed a udeemy course by Simon Foster for this project!

VIRTUAL HEAVEN

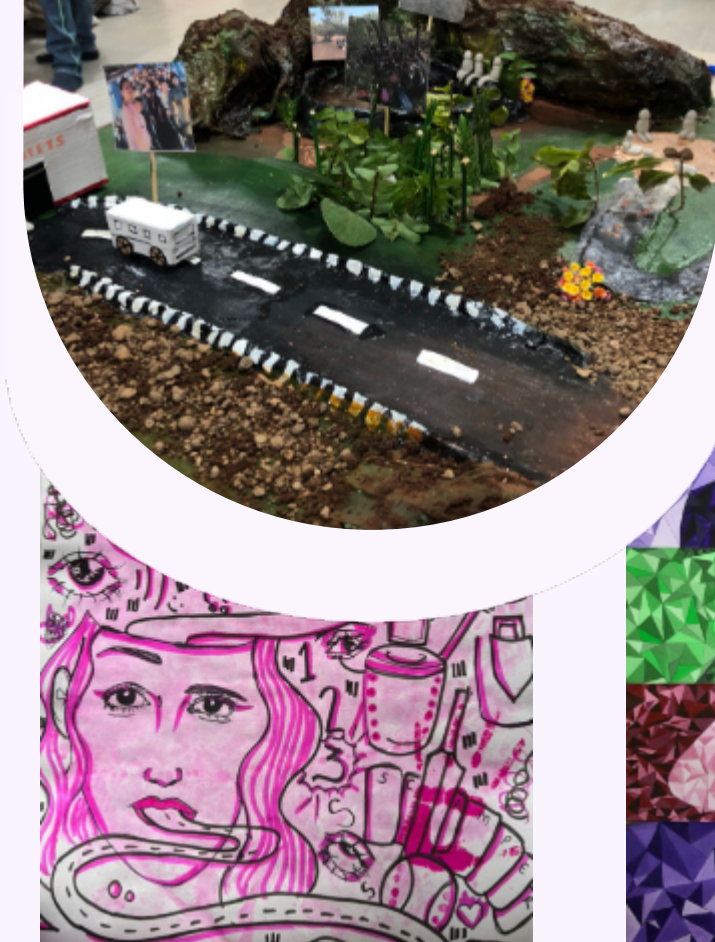

This is a video game called minecraft. This was one of the establishments I built along with a lot of castles and cottages!

A few more mediums, arts and crafts I've experimented with are - resin, soft pastels, culinary arts, perler beads, calligraphy, origami and gouache.

THE TEXTILAS - The game of Barter is a fully functioning textile based game made out of scratch by our group of 5. It includes chance cards, luck cards, textile cards, fabrics, 2 die, a manual, and a box that also doubles as the board game itself.

I have mainly worked on the hands on and packaging part of the board game. I also digitally illustrated the front and back of the packaging.

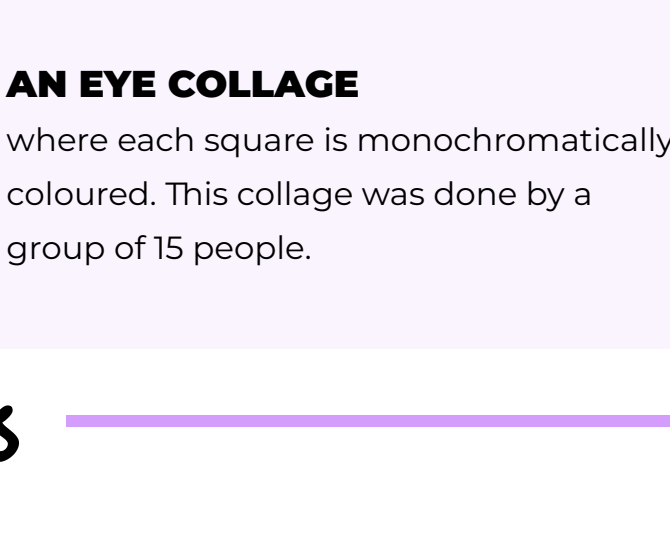

A MINIATURE MODEL

of a group trip that includes the essence of the entire journey along with small figurines and elements of nature that were found at the destination. This model is a walkthrough of the experience.

AN A2 POSTER

of a nature trip that describes the experience of the journey and the destination.

AN EYE COLLAG

where each square is monochromatically coloured. This collage was done by a group of 15 people.
